TECHNICAL DATA SHEET

OCTANE BOOSTER

GASOLINE PERFORMANCE IMPROVER

Description

The Rymax Octane Booster is developed to boost octane level by 2 - 4 points, improve and restore performance and clean fuel intake systems.

How to use?

All gasoline (leaded or unleaded) engines with injectors or carburetor. Will not harm catalytic converters. Pour the contents of one bottle in the fuel tank before filling it with gasoline.

Dosage

One bottle treats 40 to 60 litres of gasoline. Recommended use: one bottle every (gasoline) tank filling.

Benefits

- Increases octane number
- Improves and restores performance
- Prevents exhaust valve seat recession
- Eliminates rough idling and engine hesitation
- Improves combustion and fuel economy
- Prevents spark plug fouling

Typical Properties
